All USA sailors wishing to compete at the International 420 Jr. European Championships (JEC) must qualify and be selected by the US I420 Class Association. The Class will post the final Class qualifying points results and US I420 Class Association Selection Committee will then begin notifying the Class Membership of the Teams that are invited to compete in the Championship Event, per the schedule. **Please note that only qualifying points earned by the Helm are eligible, but an application is valid only when both helm and crew are included in the application.**

QUALIFICATION CRITERIA

Team USA will consist of up to seven (7) teams for the Championship division (open fleet) and three (3) teams for the U17 (under 17 division).

High point selections are based on the highest combined total qualifying points, calculated based on the *helm* finishing positions from three (3) Qualifying Regattas noted below, using a maximum of one regatta from each group, and calculated to 3 decimal places.

¹ The URL to access the online Acceptance Application will be announced prior to Feb 1, 2020.

While qualification points accumulated at Qualifying Points Regattas by a sailor are important in the final decision as to which sailors will be chosen by the Selection Committee to compete on any USA championship team (Team USA), qualification points are not the only criteria. A sailor’s practice of appropriate Corinthian spirit, sportsmanship and general behavior are an important component in the selection process.

QUALIFYING REGATTAS (Only regattas that have been completed prior to February 28, 2020 are eligible)

Group	Qualifying Regattas	Event Weighting

A qualifying regatta must have a minimum of twelve (12) boats sail in the event in order for points to be awarded.

Qualification Calculation Formula: $(N-F) + 1$ divided by N , multiplied by W = Qualification Points (carried to 3 decimals)

Variables:

N = number of boats that sailed in the regatta

F = sailors’ finish position in the entire fleet (not flight) e.g., Open, Women’s, U17

W = the event Bonus or Weighting Multiple – to indicate importance of event in qualification

PRE-QUALIFICATION

Any Team that has earned a top three “podium” finish in the *Gold Fleet* at the 2019 I420 Worlds or 2019 Jr. Europeans will be offered an invitation to become a Member of Team USA at the 2020 JECs. *The Pre-Qualified Teams must still apply by the submission deadline.*

WILD CARD SELECTION

“Wild Card” invitations may be extended to sailors to join Team USA if there are not enough qualifying teams to fill out the full roster. A “Wild Card” team is one that does not qualify on points. The Selection Committee has authority to invite sailors from the list of applicants who have submitted an application form by the submission deadline.

Wild Card Teams may be chosen from any team that meets *any* of these criteria:

- Has qualifying points under the Selection Criteria as published in this document.
- Sailed in at least one (1) previous I420 US qualifying regatta over the last two (2) years – including any of the current qualifying events leading up to the upcoming JECs.
- Was a previous member of Team USA at a Worlds, Europeans or JECs in any prior year.
- A sailing resume that demonstrates their ability to compete at a top international level (in any class).

Prior experience in international competition is an important factor in selecting “Wild Card” teams. Teams without experience at any of the qualifying regattas may be considered for selection as a “Wild Card” team if the US I420 Class Selection Committee and TeamUSA Head Coach deems that the team has sufficient experience that would indicate that the Team is prepared to be competitive at the JEC.

INVITATION AND ACCEPTANCE PROCESS

- Beginning on February 1, **and no later than 11:59pm EST on February 28**, The **Helm** will must submit a digital Regatta Application Form. **The Helm and Crew must be specified in the Application for the application be to valid and accepted.**
- Applications CAN be submitted prior to 2020 Mid-winters. All results for the sailor will be used for qualifying points even if the application is submitted before the final qualifying regatta (midwinters) is completed.
- After completion of the Mid-Winters the class will post the final qualifying results of the points events regattas.
- No later than April 1 the US I420 Class Association Selection Committee will notify sailors who are invited to join Team USA at JECs. These sailors will be notified by email and will have five (5) days to accept before position(s) are offered to the next eligible sailor(s).

These sailors will be notified by email and will have 48 hours to accept before any remaining position(s) are offered to the next eligible sailor(s). This process will continue until the team is full.

- A helmsperson must sail in a minimum of two (2) US I420 qualifying events, as a helmsperson, unless applying as a wild card.
- **Applications will be deemed valid and accepted only when the helm and crew information or included.** A helm may include any crew so long as the selected crew is age eligible and has competed in at least one (1) Qualifying Regattas *in any year, as either a helm or crew*, or the crew was previously a member of a team that has sailed the I420 at international, national or a significant regional event within the past 24 months.

- All Team USA sailors (helmsman and crew) must be current members of US Sailing and registered with World Sailing in order to compete in the JECs.

- Sailors are required to designate parents/chaperones that will be present at the venue throughout the event.
- In the unlikely event of a tie between sailors for final qualification points (carried to 3 decimal places), the sailor's actual finishing position in the 2019 I420 National Championship/Orange Bowl Regatta will be used as the tie-breaker.
